

BILKER BUNKER

PRESS INFORMATION

Art. Culture. Concrete.

From restricted zone to contact zone

Behind its thick concrete walls, the »Bilker Bunker« opens as an innovative free space for creative expression and social exchange. The historic site is preserved; its history retold and rewritten. As a non-profit cultural institution, the »Bilker Bunker« is lively, interactive, and open to all. On a total of seven floors, it offers space for leisure, fashion, sports, innovative concepts, art and culture. The opening of the bunker will take place in August 2023.

GF and 1F: Exhibition spaces

Alternating contemporary art formats and an experimental cultural program are launched on two floors of the bunker. Here, disciplines, positions and cultural actors are linked with each other in innovative ways. Artistic positions, questions and answers form a dialogue with the architecture and history of the site, which is special in every respect. A lively, open exchange can arise, which emotionalizes, opens spaces and releases thoughts.

UB: Music bar

The music bar »Schleuse Zwei« at »Bilker Bunker«. Here, in addition to bar evenings with DJs, a stage program with live performances and concerts takes place.

LB: Rentable Multirooms

Music, yoga, personal training or coaching? The »Bilker Bunker« offers the space for it. Our multirooms for leisure and creativity can be rented flexibly and by the hour. The booking is possible online at bilkerbunker.de.

2F: Bicycle garage & Office

Whether racing cycle, e-bike or cargo bike – you can park your bike

BILKER BUNKER

safely and securely for short and long periods in the »Bilker Bunker«. Located in the heart of the district Bilk, the parking spaces are accessible 24/7 and can be booked online. The office of Bilker Bunker gGmbH is also located on the second floor right next to the Bicycle garage.

3&4F: Showrooms

Show what you've got! In our eight showrooms for fashion, design, and lifestyle! Düsseldorf's versatile creative scene can rent spaces here from 20 up to 200 square meters. Upcoming and established fashion labels, designers, and contemporaries can present their projects in modern, architecturally extraordinary surroundings.

5&6F: Living

Architectural crowning: Five spectacular cubes with living spaces between 97 and 164 square meters were placed on top of the »Bilker Bunker«. They are privately owned and some still available for sale.
